Generation

Children

1. They are childish in that they are pretenders

2. They are childish in that they are indiscriminate

3. They are childish in that they are inconsistent

4. They are childish in that they are unstable

Wisdom is known by its children

TABLE TALK

What philosophical tunes are the “children” of this world playing and how are they trying to get Christians to play along?

Hard to admit…but…in what ways might you be dancing to their tune? Believing their lies? Idolizing their philosophies and values? Embracing their mindsets and ways of thinking?

Beware…our hearts are deceitful…we can assume just like a child that we aren’t being influenced and won’t be affected.
